

IBMC INEB

Laboratório Associado . Associate Laboratory

workshop

Transmission Electron Microscopy
17TH-21TH OCTOBER

Programme

Transmission Electron Microscopy: Theory, Techniques and Applications
1st Course

HEMS - Histology and Electron Microscopy Service
IBMC - Instituto de Biologia Molecular e Celular, Porto

Topics:

Basic principles of electron microscopy
Transmission electron microscopy techniques
Transmission electron microscopy Applications

Equipments demonstrations by microscopy Companies
Practical sessions with preparation and observation of samples

Lectures by :

Roberto Salema (IBMC, Univ. Porto, Portugal)
Rui Fernandes (IBMC, Univ. Porto, Portugal)
Eng^o Edgar Cruz (Izasa, Portugal)

Registration:

Send a mail to rfernand@ibmc.up.pt
